“ I wish I could have gotten an opportunity to know Linda. From comments here she was a special lady. Neil Kreitzer was my birth father. My sympathy and prayers to her family.

“ The type of true kindness and compassion Linda displayed is rare in today's world. Her gentle spirit, smile and love is truly missed. Recently, she gave Suzy a box of coffee, which just last week, we were able to make a cup of coffee (Linda's favorite) to a patient who was in a time of need. Suzy said, "Look, she is still helping."

Much love and many prayers to Linda's family and to Rick for blessings of healing.

We love you.

“Linda and I worked closely together at Holy Spirit, first when I would send students to the ER and, when she moved into her Guest Relations role, we were true partners in crime working on the best way to give the best to the patients at Holy Spirit. This has been a truly heartbreaking loss and one that is hard to comprehend.

Linda's legacy will live on in the countless lives she has touched, as a wife, mother, grandmother, friend, colleague, or patient/family member. My sincerest sympathies to her family and prayers for peace in the coming weeks/months/years.

I also pray for healing and recovery for Ricky.

One of the most meaningful quotes that I have heard about grieving is that healing begins when the memory of one you love brings a smile to your face before it brings a tear to your eye. I am praying for the time of smiles first, tears second.

Linda Welker and I worked down the hall from each other and became friends through work life and our many nice conversations together. She was well liked as a nurse with a good reputation throughout the hospital. It was shocking to be alerted of her passing in September. She shall surely be missed and remembered. My sympathy to her family.

“ I am so very sad to lose my co-worker and friend that I have worked close with for the 8 years. There are two words that tell everything about her...”kind soul”. Linda lived working with her colleagues and taking care of patients. Our memories together will always be close to my heart.

Praying for Rick and all the family. Sending my sincere sympathy for your loss. Linda is now in heaven helping those on earth that still need her love and compassion.

“ My condolences to Rick and all of Linda’s family. It was my privilege to know Linda for several decades. It was also my pleasure to know several of her family including her mother and some of her children, so I know how much she was loved. Linda indeed was passionate about her job as a nurse, as a representative of our hospital, and most significantly for patients. When it came to patient advocacy I always knew to whom to turn. I hope for Rick’s speedy recovery.

“ I am so sad about Linda's passing. My thoughts and prayers go out to all of Linda's family and friends who are mourning her loss. I knew Linda for 18 years and will miss her a lot. Linda and I were on the same team this summer when our leadership group participated in a team bonding event at Roundtop Mountain. It was really fun to spend time with her in a different environment. One of the activities that we did was standing on a log and getting ourselves arranged in smallest to tallest order without getting off the log. Because Linda was the shortest, she had to move all the way down the log past eight people at least three times because others fell off. She was a really good sport. I pray for Rick's recovery and the strength to heal, emotionally and physically.

“ I've had the pleasure of speaking with Linda on numerous occasions as a colleague of her's at Geisinger Holy Spirit. She was very soft spoken and kind hearted, and truly concerned that our patients and their families came first. Unfortunately I never realized until I heard of her passing, that we lived in the same small valley. Sending prayers and condolences to her family, friends, and "the valley", as we all mourn the passing of such a wonderful soul. I will miss hearing her pleasant voice.

“ I never had the chance to meet Linda in my short time here at Holy Spirit but everyone who has talked about her does so with a smile on their face. What more can you ask than to leave a memory with your co-workers like that. My prayers are with Rick for health and strength and the entire family. God Bless.
